

## **Activities of The Public Outreach Center : Delivering Knowledge to Masses**

**(1<sup>st</sup> July 2019 to 30<sup>th</sup> June 2020)**

The Public Outreach Center (POC) of the PRSU was established in 2010 and has been doing its business with perfection, conviction and sincerity. The main objective of POC is to expose the general public and the society at large to the academic/ research activity of individual faculty member of the university with special reference to introduce them about the creation of new knowledge and the dissemination of the knowledge created elsewhere in the World. The motto of POC has been to help the public to know about PRSU in its reality and get exposed to its accountability. In fact, everyone gets benefitted when such information are shared, as every individual in the society is anxious to be informed and wishes to be involved in the process of generation of knowledge in the realms of Science, Social science and Humanity .Through eminent and top -notched scientists and academicians it has been translating complicated science stories to simpler forms that are lucid and graspable to the masses. This activity of the POC is one of the most popular events organized periodically on the campus of the PRSU.

Some of the important activities are as follows:
