* A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this score card.

General Information

The GATE 2023 score is calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2023 scorecard

M_q is the qualifying marks for general category candidate in the paper

M_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

S_q = 350, is the score assigned to M_q

S_t = 900, is the score assigned to M_t

In the GATE 2023 score formula, M_q is 25 marks (out of 100) or μ + σ, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2023 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Graduate Aptitude Test in Engineering (GATE) 2023 was organized by Indian Institute of Technology Kanpur on behalf of the National Coordination Board (NCB) – GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.

Overall Band Score

Overall 5.0 **Modest User**

The test taker has a partial command of the language and copes with overall meaning in most situations, although they are likely to make many mistakes. They should be able to handle basic communication in their own field.

Advice to improve your score

Test **Score**

Your result explained

Test takers at Band 5 can typically listen to and process short stretches of speech to pick out discrete information, and can only somewhat follow detailed instructions. They can only understand directly-stated facts, attitudes, opinions and purposes in a limited way. They are also limited in their ability to pick out main ideas and infer implied meanings. In order to do this, they can keep short sections of what they have heard in their short-term memory. They can understand vocabulary relating to familiar and some less familiar topics.

Continue learning more words on more topics. In addition, learn common words and expressions used in talks and presentations to signal how the talk is organised. Listen regularly to authentic recordings and video clips on TV or the internet. Use the subtitles to help you if needed. Beyond main ideas and specific details, try to understand the relationship of one speaker's ideas to another speaker's ideas, or how a story is developing. Use the clues contained in the language they use.

Listening 5.0

Reading 4.0

Test takers at Band 4 typically have a limited ability to deal with straightforward factual and opinion-based texts. Their ability to understand create meaning using vocabulary is generally within sentences rather than across sentences. They have some limited ability to understand directly stated information, opinions and arguments, and also some ability to extract key words from texts.

Improve by reading everyday texts on more topics. Pick ones where you don't know all the words. Try to understand the text, guessing if needed. Try also to see how sentences beside each other are related. Afterwards, look up the things you don't understand so that you improve. Also try to read texts where you need to find specific information, such as in notices, timetables and catalogues. You have strategies for finding information quickly in your own language. Use the same strategies to find the important information as quickly as you can.

The GATE 2021 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2021 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2021 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2021 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

General Information

The GATE 2022 score is calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where,
 M is the marks obtained by the candidate in the paper, mentioned on this GATE 2022 scorecard
 M_q is the qualifying marks for general category candidate in the paper
 M_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)
 $S_q = 350$, is the score assigned to M_q
 $S_t = 900$, is the score assigned to M_t

In the GATE 2022 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2022 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

It may also be noted that UGC had proposed to link "AADHAAR" with bank account of students so that there can be direct credit transfer and effective disbursement of fellowship into bank account of the student. In this regard, Secretary, UGC had requested universities to help students in Aadhaar enrolment vide D.O. No. F.14-34/2011 (CPP-II) dated 11.01.2013.

It may please be noted that the award is liable to be cancelled by Implementing/Awarding agency and it will also attract legal action against the Awardee in the following cases:
