# Suggestions

**S1**
Sometimes network issues arise. Other than, this atmosphere is very good in our department.

***Response: Although the school is Wi-Fi enabled. Sometimes, the network is interrupted from the service provider's end or due to some internal issues. Internal issues are generally resolved immediately.***

**S2** Dr Nagendra Kumar Chandrawanshi sir kindly requested to explain in Hindi, and Dr Kamlesh Shukla sir kindly requested to improve his way of teaching.

***Response: The matter discussed in the Staff Council and HoD discussed it with the concerned faculties to resolve the issues.***

**S3** No

**S4** Access to the online library for books and research papers. Seminar on recent discoveries by students so that we could gain more knowledge in the area of research undergoing. Discussion on future aspects, internships etc. in the field. Visual demonstration of practical's if possible (either through online resources)

***Response: In the departmental library, standard reference and textbooks of biotechnology (hard and soft copies) of foreign authors are available for students. Research papers are available through the UGC-INFLIBNET facility. Further, in the classroom seminars, faculty members suggest the students for inclusion of the latest research information on the topic to be discussed during their presentations. For the visual demonstration, students are advised to use visual practical labs. The virtual laboratory has been through https://www.vlab.co.in/, an initiative of the Ministry of Education under the National Mission on Education through ICT.***

**S5** NC sir describe in Hindi or also in a simple way, and other teachers also give a brief about the topic at last like Paul sir that makes easy to memories for us.

***Response: HoD discussed it with the concerned faculty to resolve the problem.***

**S6** Faculties are good.

## Suggestions for further improvement:

**P1:** No suggestions

**P2:** Notes should be provided

***Response: The teachers provide study materials regularly. However, we induce them to prepare their reading materials by own at this Masters level. As the topics are covered during theory classes and in the classroom seminars. Further, rich university and departmental libraries are available for them and we provide all the e-resources too.***

**P3:** As per the present situation and their current status, Students should be allowed desertion in their 4th sem even if it's minimised from 6 to 4 months. Already the covid situation has made it difficult for them to fetch practical knowledge of the subject, and cancellation of their dissertation just to finish up their degree would do no good to them, they would just be limited to theoretical knowledge.

***Response: University acts as per the Govt guidelines in this pandemic situation.***

**P4:** We would recommend to allow alumni, use online library & research papers.

***Response: It is open for both registered students and alumni.***

**P5:** 1) Conducting Monthly test & evaluating student's progress should be done
2) Conducting online practicals & explanation by the mentor should be inculcated

***Response:***

1. ***Continuous assessment of the students is a key requirement that is achieved by class tests, classroom seminars, etc.***
2. ***For the visual demonstration, students are frequently advised to use visual practical labs through https://www.vlab.co.in/. It is an initiative of the Ministry of Education under the National Mission on Education through ICT.***

**P6:** Fees aplogo ko kam lena chahiye tha kyuki sabhi classes online chal rhe.

***Response: University administration can decide the matter.***

**P7:** Everything is well and good

**P8:** Sab thik hai

**P9:** No suggestion

### Suggestions for further improvement:

**M1:** Projects funds, Industrial tie-up for the student to get a job

***Response:*** *The school is working on a Department Placement Cell. Presently, the University Placement Cell exists and offers jobs available on its placement portal.*

**M2:** There should be an interaction between alumni and current students.. even after the alumni meeting

***Response: Alumni association organizes an annual meet regularly. Further, alumni have created a department alumni group on Whatsapp to share career opportunities and other interactions.***

**M3:** Educational tours and industrial visits should add as a part of curriculum

***Response: It is a part of the curriculum and a regular feature of this school.***

**M4:** Hi! it's my personal opinion to improving the best way department or university, promote student body, make a proper platform to express their freedom of expression, raise voices for social issues and teach them proper practical education.

***Response: The student association is a legal body of the university, under which students elect a president and other office-bearers every year. Further, the annual gathering, inter-college and inter-university youth cultural programs and competitions are the regular features of the university. One of the major concerns is to develop high practical skills in the M.Sc. Biotechnology students. In our timetable, the complete second half is devoted to the experimentation classes. Moreover, regular arrangements of hands-on workshops and six-month dissertations in the fourth semester further polish their practical skills.***

**M5:** Good

**M6:** There should be facility of student placement.
***Response: Same as M1***

**M7:** University should keep update the alumni with new project work and researches…
***Response: A department alumni group on Whatsapp is there to share information. Further, various departmental activities are regularly uploaded on the departmental and university website.***

**M8:** Emphasize placements. Being alumni we r still searching jobs 
***Response: Same as M1***

**M9:** No suggestion

**M10:** Arrange job for unemployed member
***Response: Same as M1***

**M11:** There should be establishment of some animal culture labs too..So that the students will get more exposure in this field. Along with this the students may have a site visit in Biotechnology related industries which is must for student of this department...Thank you
***Response: The school is going to establish an animal cell culture laboratory. Industrial visit is a part of the curriculum and a regular feature of this school.***

**M12:** In the area of placements for students and availability of more advanced technology equipment
***Response: Same as M1. The school is sufficiently equipped through the DST-FIST program.***

**M13:** 1. The department should conduct more interesting and fun learning activities in association with alumni so that more students can become part of the alumni association 2. During pandemics, e-learning has gained attention so online competition can be organized for the welfare of students.
***Response: The Alumni Association every year conducted meet for maximum interaction with current students and alumni. The faculties are using various online resources for imparting knowledge to the students during the present pandemic.***

# Action Taken Report

**Student's Overall Rating for the program**

M.Sc. Biotechnology students of the I and III semesters rated the program as satisfactory and above. No one finds it unsatisfactory. However, the school is constantly working for improvement.

**Student's Overall Rating for the teachers**

Here students rate all the teachers satisfactory and above except for one case in each semester. In the I and III semesters, only about 3% and 4% of students, respectively, found him unsatisfactory. Nonetheless, the Chairman, Staff Council discussed it with the concerned ones for the improvement.

**Feedback from supporting staff**

Regarding the effectiveness of the university administration process, 20% of staff disagreed, and 60% is neutral; the matter is informed to the authority.

**Feedback from parents**

Admission in the university of their wards makes them proud, 13% are neutral, and nobody disagrees. For improvement, valuable suggestions from parents are considered, as mentioned in the section.

**Feedback from alumni**

All the alumni feel proud as the students of this university, only 5% are neutral, and nobody disagrees. Their suggestions are considered, as mentioned in the section.

## ACTION TAKEN REPORT ON FEEDBACK FROM STUDENTS OF M.SC. & M. TECH. (SESSION 2020-21)

Feedback form in prescribed format had been collected from students of M.Sc. & M.Tech. (Session 2020-21). Free and frank opinion of students on classroom teaching of individual teachers, the course content, laboratory experiments & overall atmosphere of the department, written in feedback form, were made open to all teacher form, were made open to all techers and examined critically.
Staff members discussed the implications of the students' feedback and to strategize how to make students experience more pleasant and seamless. Student feedback has provided staff and faculty with meaningful information that initiates fruitful and insigntful conversations and results in significant actions to change programs, pedagogical approaches, and so forth. The actions that were taken as a result of feedback from this survey are summarized below.

- The general comment, received from majority of students regarding the classroom teaching skill of the entries department is good. There was query on use of modern teaching skilss.

**Action Taken**

In spite of good performance all the teachers have been advised it enhances their mode of teaching to the best capabilities. All the teachers are computer literate and use technology for class room teaching.

- Enhancement of internet facilities

Internet facility is accessible to student in computer laboratory which students use in their practical and other works. Student and other staff were training to use computers, internet sent e-mails etc through ASC of University. A part from this they did T.B.T. practical through which they learned to use power point, excel, word document etc.

- The students also made comments on the content of syllabi. Majority of students are satisfied with the syllabi, some felt that the course content is little lengthy.

**Action Taken**

The meeting of board of studies (BOS) in electronics is held every year and syllabi of all the theory paper are reviewed and the course content is revised. Charged if Necessary.

- Student gave feed back on networking internet facility of computer lab. According to them, it should be strengthened.

**Action Taken**

Internet facility of computer lab has been improved.

Majority Students Commented on lack of appropriate number of teaching faculty in the department. They felt that the posts should be filled as early as possible.

**Action Taken**

As per UGC Regulation 2018 all the vacant teaching position are in the process of advertisment by the University and to be filled very soon.

## Action Taken Report on Feedback from Students (July 2020– June 2021)

Duly filled feedback forms for the session 2020-21 by the students of M.Sc. I and III semesters have **been collected online by Google form**. The feedback forms have been revealed in Head chamber on **24.05.2021** in front of the staff members of SoS in Physics and Astrophysics, Pt. R. S. University. The students have candidly expressed their opinions regarding the classroom teaching skill of individual teachers and the prescribed M.Sc. syllabi. Their opinions have been conveyed to the staff members and have been found very efficacious in assessing the improvement in teaching methodology and in restructuring the syllabi.

The process of collecting the feedback from the students will continue in the future and corresponding actions will be taken accordingly after analyzing the report.

Students Remarks and Action Taken

• **Teaching skills of teachers: Most of the students gave 'very good' and 'good' remarks for teaching skill of all the teachers. They are satisfied with the online teaching of the staff members.** However, there remains always a scope for improvement.

Action taken: Due to COVID pandemic, the teaching is being done completely online. So staff members are suggested to upgrade themselves for the present scenario. Those teachers who got an unsatisfactory are advised to improve their teaching skill. All the teachers are also suggested to go to the classroom well prepared and interact frankly and more frequently with the students.

• **Course contents**: Majority of the students gave 'good' remarks about the course content.

Action taken: The content of the syllabi is continuously reviewed every year by the Board of Studies and the betterments will be incorporated as and when it will be needed.

In order to improve the personality of the students, online seminars on every Saturday by the students will be organised where all faculty members and research scholar will be advised to present. The teachers are available for students at any time in online mode they need.
