Dear sir,

We know your contribution in Microbiology subject and in Microbiologist society. We are happy to invite you to work as a President of Microbiologists Society for Chhattisgarh state for next academic year. Your tenure will start from 1 st June 2020, ending on 30 May 2021. We are sure that you will work for benefit of the Microbiologists Society.

A line of acceptance will be appreciated.

Thanking you

Yours Sincerely

Prof. Sanjay Tiwari
Pt. Ravicharan Shukla University, Raipur

Dear Sir/Madam

You will be happy to know that Ministry of Earth Sciences, Ministry of Science and Technology, and Vijnana Bharati (VIBHA) are organizing 5th India International Science Festival (IISF 2019) from November 5-8, 2019 at Kolkata. This festival is aimed to engage the public with science and celebrate the joy of science and show the ways how Science, Technology, Engineering and Mathematics (STEM) provide us with the solutions to improve our lives.

Young Scientists' Conference (YSC) to be held during November 5-7, 2019 is one of the prominent activities with an aim to bring young scientists (under the age of 45yrs) from different walks of life together on a common platform to interact, discuss and exchange their innovative works & ideas on country's flagship programs like Make in India, Digital India, Swachh Bharat and Swasth Bharat. There will be sessions on Frontier Areas of Science, Biodiversity & Environment and water conservation. The participants will be from Physics, Chemistry, Biology, and Mathematics and from all Engineering branches.

The organizers recognize your contribution to the scientific community and truly believe that your presence will boost the confidence of these young scientists and engineers. Hence we request you to be a member of the scientific committee to screen the abstracts and serve as one of the jury members for selecting the best presentations/posters during the conference. Brochure of the program is enclosed herewith for your ready reference. There are two poster sessions 9:30 AM-11:00 AM and 4:30 PM-6:00 PM on 6th November. We have awards for best ideas to be selected during poster presentations.

You are requested to send the travel details to Mr. Amit Singh, IISF-2019 Secretariat, Fifth Floor, Ministry of Earth Sciences, Prithvi Bhavan, Lodhi Road, New Delhi-110003; Tel: 9433118008, Email: ysc@scienceindiafest.org. Details of the conference is available in the website www.scienceindiafest.org. Your local hospitality would be taken care by the organizer.

A line of confirmation would be highly appreciated.

Jyoti Kesarani Rayde

'Innovate to transform young population into asset'

■ Staff Reporter
RAIPUR, Oct 19

WITH a view to encourage, popularise and inculcate scientific temper among the children of the country, National Council of Educational Research and Training (NCERT) has organised national level science exhibition at BTI Ground in Raipur from October 15 to 19 where children showcase their talents in science and mathematics and their applications in different areas related with our everyday life.

On the second day of the 46th Jawaharlal Nehru National Science, Mathematics and Environment Exhibition (JNNS-MEE) for Children-2019, Speaker Professor Sanjay Tiwari, Head, School of Studies in Electronics & Photonics & Renewable Energy Technology & Management, said India aspires to be 5 trillion-dollar

lar economy by 2024, India needs to emerge as global innovation, entrepreneurship and startup hub. Considering India's current demography, youngsters need to be in forefront of this innovative movement and higher education institutes need to play a key role and emerge as centers of excellence producing global quality research and innovation? He said that India has jumped five places to rank 52 in the Global Innovation Index 2019, up from the 57 it had in last year's rankings.

India is consistently among the top in the world in innovation drivers such as ICT services exports, graduates in science and engineering, the quality of universities, gross capital formation - a measure of economy-wide investments - and creative goods exports. Dr Tiwari said that the buzzword across the globe for the 21st century is 'Innovation'.

Dr Sanjay Tiwari addressing the students at Science Exhibition.

In the simplest term, Innovation could be defined as converting ideas into new or improved products, processes and services. Undoubtedly, Innovation is about taking inventions to marketplace by translating scientific knowledge into products, services and offerings for economic growth and social development. Even, Prime Minister of India has declared decade 2010-20 as the

'Decade of Innovation', to unleash the creative potential of every Indian.

A range of government policies and programmes, including the 'Make in India', 'Start-up India', 'Innovate India' and 'Digital India' initiatives, have fuelled this innovation drive. India is consistently among the top in the world in innovation drivers such as ICT services exports, graduates in science and engineering, the quality of universities and scientific publications, economy-wide investments and also creative goods exports. Our investment in R&D is a paltry 0.7 percent of GDP. Very little of this goes to universities considering that a bulk of public R&D goes into space, energy and defence sectors, he said. He added that our young population can be converted into an asset if we innovate and for this reason, innovation is most important.

Dear Sanjay Tiwari,

Heartiest Congratulations.....,

We are happy to inform you that your name has been selected for the **Prestigious IRDP Awards 2019** for your remarkable **Achievements and Contributions in Teaching, Research and Publications**. The purpose of the Award is to Recognize, Honour and Encourage to promote your profession. IRDP selected **100 Professionals** from all over the World and you are one among them. The selection is made up from **3,149,827** profiles of various experts.

Great personalities, many VIP's from different vocations will present the Award with **great honour in the heart touching event on the auspicious day**. The award presentation ceremony will be Unique, where you will be asked to sit on the Special Chair, Highlighting your Achievements to the audience, and then the award will be presented to you at the hands of Chief Guests.

The colourful Award Ceremony will be held at Chennai on February 23, 2020. So you are requested to complete the formalities on or before January 24, 2020.

With Best Regards

IRDP Award Steering Committee

Artificial Intelligence-based classification of schizophrenia: A high density EEG- support vector machine study

Sai Krishna Tikka

Department of Psychiatry, All India Institute of Medical Sciences, Raipur
Bikash Kumar Singh
Department of Bio-Medical Engineering, National Institute of Technology, Raipur
Prof. S Haque Nizamie
Retired Professor of Psychiatry, Ranchi
Shobhit Garg
Department of Psychiatry,
Shri Guru Ram Rai Institute of Medical & Health Sciences, Dehradun
Sunandan Mandal
Ph D Scholar, School of studies in Electronics & Photonics,
Pt. Ravishankar Shukla University, Raipur
Kavita Thakur
Professor, School of studies in Electronics & Photonics,
Pt. Ravishankar Shukla University, Raipur

Background: Interview-based schizophrenia diagnostic methods are not completely valid. Schizophrenia, the disease entity, is very heterogeneous. Machine-Learning (ML) application of Artificial-Intelligence (AI) holds a tremendous promise in solving these issues.

Aims: To assess ML-based discriminating validity of resting state EEG quantitative features in classifying schizophrenia from healthy and positive and negative symptom subgroups, using high density recording. **Settings and Design:** Data collected at a tertiary care mental hospital using a cross-sectional study design. Data analyzed at a premier Engineering Institute.

Methods and Material: Data of 38-schizophrenia patients and 20-healthy controls retrieved. The positive-negative subgroup classification done using PANSS operational-criteria. EEG recorded using 256-channel high density equipment. Eight priori regions-of-interest (ROIs) selected. Six-level, Daubechies-9 mother wavelet decomposition, Kernel-Support Vector Machine (SVM) method used for feature extraction and data classification. **Statistical analysis:** Independent samples t-test and chi-square test for comparison of demographic and clinical variables. Mann-Whitney test for comparison of ML-features. Accuracy, sensitivity, specificity and area under receiver-operating-curve measured as discriminatory indices of classifications.

Results: Accuracy of classifying schizophrenia from healthy controls and positive from negative symptom schizophrenia was 78.95% and 89.29%, respectively. While beta and gamma frequency related features most accurately classified schizophrenia from healthy controls, delta and theta frequency related features most accurately classified positive from negative schizophrenia. Inferior frontal gyrus related features most accurately contributed to both the classificatory instances.

Conclusions: SVM based classification and sub-classification of schizophrenia using EEG data is optimal and might help in improving the 'validity' and reducing the 'heterogeneity' in the diagnosis of schizophrenia.

Keywords: Machine-Learning; Positive symptoms; Feature-extraction; Negative symptoms; Validity.

Cognitive function in Obsessive Compulsive Disorder and its correlation with BDNF

Debadatta Mohapatra, Department of Psychiatry, IMS & SUM Hospital, Bhubaneswar

Amrit Pattojoshi, Department of Psychiatry, Hi Tech Medical College, Bhubaneswar

Objective: In Obsessive Compulsive Disorder, serum brain-derived neurotrophic factor (BDNF) level decreases leading to dysfunctions of

cellular plasticity and neuroprotective processes but at the same time some studies negate the role of BDNF in OCD. The present study was conducted to evaluate the change in serum BDNF level with cognitive function in OCD patients.

Methods: The present study is a prospective, interventional, clinical study conducted on 42 patients of obsessive compulsive disorder and 42 healthy controls. Detailed history, clinical evaluation, cognitive assessment with Montreal Cognitive Assessment was done. Serum BDNF was assessed for all 84 subjects.

Results: Various cognitive functions like visuospatial ability, executive function, attention, concentration were found to be significantly low in patients of OCD. The serum BDNF level in the patients were compared with healthy controls and results revealed that there is a significant reduction ($p=0.002$) in serum BDNF level in study group.

Conclusion: In OCD serum BDNF level is low and it is found to be directly related to the cognitive function.

KEY WORDS: Obsessive compulsive disorder; Brain-derived neurotrophic factor; Cognitive function.

Exploring Therapeutic Effectiveness of a Novel Smartphone Application for Enhancing Cognitive Control: A Pilot Study in Obsessive Compulsive Disorder

Bappaditya Chowdhury, Department of Psychiatry, Institute of Neuroscience, Kolkata

Nilanjana Dutta Roy, Department of Computer Science And Engineering, Institute Of Engineering And Management, Salt-Lake, Kolkata

Introduction: In Research Domain Criteria (RDoC) project National Institute of Mental Health (NIMH) recommends *Cognitive Control* as a cross-cutting construct across diagnostic categories and advocates translational research for diagnostic and therapeutic approaches. Here we explore the therapeutic effectiveness of a novel Smart-phone application for enhancing cognitive control in Obsessive Compulsive Disorder as a model for pilot study.

Methodology: Two well recognized experimental paradigm for cognitive control, Switching Stroop Task and Stop Signal Reaction Time, were developed as an android based Smart-phone application. Individually tailored, disorder related symptom provoking images were incorporated in the application. A controlled application was also developed that was made free from the cognitive conflict present in the selected tasks. 21 subjects fulfilling study criteria were randomly assigned for a home-based practice with either therapeutic application or control application. Individuals in case and control group were assessed for adherence to task assigned, disorder related clinical outcome (YBOCS, WHOQOL-BREF, CGI/GI) and performance on assigned tasks (Switching Cost, Post Conflict Adaptation, Stop Signal Reaction Time).

Result: Subjects assigned with the therapeutic application showed more adherence to study (less drop-out $p<0.00$) more engagement in home-based practice as reflected by practice frequency ($p<0.000$). Improvement in disease related clinical parameter was noted in subjects assigned with therapeutic application (YBOCS $p<0.000$, WHOQOL-BREF $p<0.02$, CGI/GI $p<0.01$). There was some improvement related to neuropsychological tasks both in case and control group. This may be due to practice effect.

Conclusion: More stringent study is required for conclusive evidence of therapeutic effectiveness. However more engagement for subjects in cognitively challenging task (with cognitive conflict) was surprising. Probably some element of perceived therapeutic effectiveness was there. This may encourage further exploration with wider perspective.

Subject: Financial Assistance to Prof. Arti Parganiha for participating in **"30th Conference of the International Society for Chronobiology, Poland (02 July, 2019 to 05 July, 2019)"**

Sir/Madam

We are happy to inform you that your application seeking financial grant to attend the above mentioned international scientific event has been recommended for support by the Science and Engineering Research Board (SERB). We will provide to and fro economic class air-fare by the shortest route, airport tax & visa fees. It is hoped that the support will give you an opportunity to interact with leading international experts in the area. The support, however, is subject to the following conditions.

1. You should not have received financial support during the last three years under this scheme.
2. The air tickets are to be booked in economy class by the shortest route in a national carrier i.e. Air India. It may be noted that rescheduling/cancellation charges will not be reimbursed.
3. SERB is directed to instruct the applicant to purchase the air tickets directly from Airlines (Office, Booking counters, Website) or from any of the Govt. authorized travel agents viz. Balmer Lawrie & Company Limited (BLCL), Ashok Travels & Tours (ATT) and Indian Railways Catering and Tourism Corporation Ltd. (IRCTC) vide order no. 19024/22/2017-E.IV dated 19.07.2017 issued by Department of Expenditure, Ministry of Finance. In case of failure of adherence to this guideline, air fare will not be reimbursed.
4. E-ticket is acceptable provided the amount of the fare is clearly reflected on the ticket.
5. The signed print copy of Claim Form along with the original Boarding passes and other relevant documents must be sent to the SERB immediately after completing the online Claim Form to the following address.

ITS Section
Science and Engineering Research Board
5 & 5A, Lower Ground Floor
Vasant Square Mall, Sector B, Pocket 5
Vasant Kunj, New Delhi, Delhi-110070.

6. The account details must be in the format available at the home page of the online portal in the format section and it must be endorsed by the competent authority of the institute/university.
7. SERB will reimburse the grant after deducting the financial assistance received from any other sources, if any.
8. All other expenses such as per diem, taxi fare etc. will not be reimbursed by SERB.
9. You will have to make your own arrangements for foreign exchange required for the purpose.
10. You will not be treated as a delegate sponsored by the Government of India.
11. We request you to either accept or decline this offer at the earliest online. On acceptance only, you will be able to submit the Claim Form. Please note that once you decline this offer, it will be assumed that you are not interested in availing this offer and no further communication will be entertained in this matter.
12. You must submit Claim Form and other relevant documents online within 90 days of the Last Date of the Event, failing which SERB will not reimburse the Travel Grant.
13. If any candidate found to have furnished incorrect / misleading information at any stage, his/her candidature will be cancelled and no reimbursement will be made. The candidate will also be debarred for next three years for availing support under this scheme.

With kind regards,

Subject: Long Term ICMR-DHR International Fellowship for Young Bio-medical Scientists-2019-20

Sir,

This is with reference to your application (Ref. ID. 2019-00384) submitted to the ICMR for Long Term ICMR-DHR International Fellowship for Young Bio-medical Scientists.

I am directed to inform you that the Selection Committee of the Council has selected you for the above fellowship for a period of **six months**.

The terms and conditions for the fellowship are as under:

1. You will be provided a monthly stipend of US\$ 3000 per month for the above period and contingency of Rs.50,000/-. The expenses on visa charges, overseas mediclaim insurance and taxi fare from the place of duty to airport & back will be reimbursed as per actual on production of original receipts under the contingency grant. No other charges/expenses are admissible.
2. You will be entitled to travel by air (both ways) by Air India in economy class (excursion fare) by the shortest route from the place of duty.
3. The advance fellowship amount will be released on receipt of a copy of visa. All necessary formalities to obtain visa should be taken care of by the Fellow.
4. Total claim bills on the budget head of fellowship should not exceed the fellowship amount specified above.

5. The Fellow is required to intimate to this office the **exact date of travel**. Any penalty or cancellation charges due to change of date are to be borne by the Fellow.
6. You will not be allowed to change the foreign mentor and place of laboratory.
7. You should get the overseas mediclaim insurance covered before leaving the country.
8. Parent Institute shall continue to pay salary and other benefits such as leave, medical gratuity, GPF, pension as applicable to you during your fellowship period. However it should be governed according to the rules of parent Institute. No liability on any of these accounts will be borne by ICMR. You will not draw any salary/stipend outside India, while on ICMR-DHR fellowship.
9. You are required to submit progress/work report (in the prescribed format) within 2 weeks after your return on the research and training activities undertaken in the foreign laboratory/Institute during the fellowship period.
10. You are required to execute a service/legal bond for Rs.5.00 lacs to the parent Institute that you belong to, for serving the parent Indian Institute for a period of at least 3 years after return from overseas fellowship. A copy of bond should be submitted to ICMR (if not already submitted).
11. If you do not return to India or get a job overseas on completion of the fellowship or fail to fulfill any of the above requirements, you will be liable to reimburse the whole of the expenditure incurred during the fellowship period, including the airfare, from the Guarantees in one lump-sum within one month of the completion of the term of the Fellowship and remit it to ICMR.
12. In case, due to some reasons, the Fellow returns to India before completion of committed duration of training, the balance amount of fellowship grant will be required to be reimbursed to ICMR within 15 days of return to India.
13. An undertaking to cover issues mentioned against points 11 & 12 above by two Guarantees on Rs.50/-non-judicial stamp paper are required to be submitted to ICMR.
14. The training should be initiated before 31st March, 2020. No extension of date to avail fellowship will be granted beyond 31st March, 2020. However, the ICMR will require at least 2 months advance notice for obtaining Political clearances & booking of air tickets etc.
15. You are expected to implement and establish training acquired and utilize the expertise into the ongoing/future programmes of your parent Indian Institute after availing the ICMR-DHR International fellowship. The publications, research grants, projects developed and infrastructure/capacity strengthening of your parent Institute shall be reported upon to ICMR during the consequent years of availing the fellowship since it is the basic objective of this Fellowship programme.
16. It may please be noted that the refusal by a Fellow to undertake the ICMR International Fellowship award for a given year will de-bar him/her to avail the fellowship for the succeeding two years.

If the above terms & conditions are acceptable to you, kindly confirm your acceptance and send the following documents (if not already submitted) by e-mail to chawlap.hq@icmr.gov.in for taking further necessary action at our end:

- a) The exact date of visit.

- b) Proforma duly filled in and signed for political clearance (format already sent by mail).
- c) Undertaking by 2 Guarantees on Rs. 50/- non-judicial stamp paper.
- d) A copy of service/legal bond for Rs.5.00 lacs submitted to the parent Institute that you belong to, for serving the parent Indian Institute for a period of at least 3 years after return from International fellowship.
- e) A scanned copy of Passport details.
- f) A copy of visa as issued.
- g) A copy of attached Mandate Form duly filled in by the Fellow and a copy of cancelled cheque.

Yours faithfully,

(Padamavati Chawla)
