1.2 (i) Flexibility of the Curriculum - CBCS/Core/Elective option/Open options:

The PRSU through its Regulation # 149 and 149(A-I) provides enormous flexibility in the programs it offers. These regulations deal with the Choice-Based Credit System that has been adopted by the University. For example, a student in Physics can opt for a course offered by say, Sociology or Life Science departments. The Syllabi have been designed accordingly involving core elective options and open options across the faculties. The student can choose elective paper within its own program as well as the choice of choosing courses offered by other faculties/departments of the University.

The BoS of various subjects continuously monitors emergence of new knowledge, feedback from students, peers and teaching faculty and decides the extent of revision to be incorporated in the existing syllabi. The BoS meets twice in an academic session and meets even more than twotimes, if required. The BoS includes nominated teaching faculty of the subject concerned of the UTDs and nominated faculty from the affiliated colleges and also two external peers, who are subject experts. In addition, all other faculty members at the UTDs also participate in the BoS meetings as special invitees.

2.12 How does IQAC Contribute/Monitor/Evaluate the Teaching & Learning processes:

- The most important contribution of IQAC concerned restructuring of the pattern of question paper and answer book. A radical change was proposed by the IQAC that received the final nod of the EC. The changed pattern is currently being implemented in the Integrated PG programs in Physics, Chemistry, Mathematics, Botany and Zoology subjects. The question paper pattern reflects objectivity and the answer book is consisting of only 8 A4-sized sheets, i.e., to say only 16 pages.
- The IQAC also monitors annual performance of each UTD, teaching faculty and affiliated colleges. The University initiates adequate corrective measures upon coming across any lacunae in the Teaching & Learning Processes and Research.
- The IQAC also conducts workshop on awareness program for HoDs and teachers of UTDs on how to analyze responses of students on feedback inventories and matrices.
- The IQAC recommends names of the best performing departments, teachers and affiliated colleges for the award of trophies, citations and certificate of appreciations in well-attended functions of the University, such as Foundation Day and Teachers' Day.
- The IQAC during 2015-16 conducted following programs:
 - Workshop cum Training Systat 13 (N)
 - Workshop on Intellectual Property & Innovation Management (N)
 - Author workshop (S)
 - Scopus (S)
 - Education at crossroad (S)
 - Workshop on feedback: inventory, analysis and action (I)

7.3 Give two Best Practices of the institution (please see the format in the NAAC Self-study Manuals)

**Provide the details in annexure (annexure need to be numbered as I, II, III)*

Annexure-I

1. Title of the Practice

Research Scholar Funding for Attending International Conference Abroad and in India

2. Goal

- To facilitate participation of research scholars in international conference
- To instil confidence within the research scholars to present their research findings independently before international audience
- To create a sense of pride within them as they represent their country abroad

3. The Context

- Normally it has been observed that research papers of research scholars are accepted for presentation in various international symposia and conferences. The candidates send their grant applications to different national and state levels funding agencies for financial support. Sometimes they succeed in getting 50% support only. Eventually they fail to attend the conference due to lack of complete support.
- Therefore, it was thought worthwhile to introduce the practice of research scholar funding for attending international conferences abroad and in India.

4. The Practice

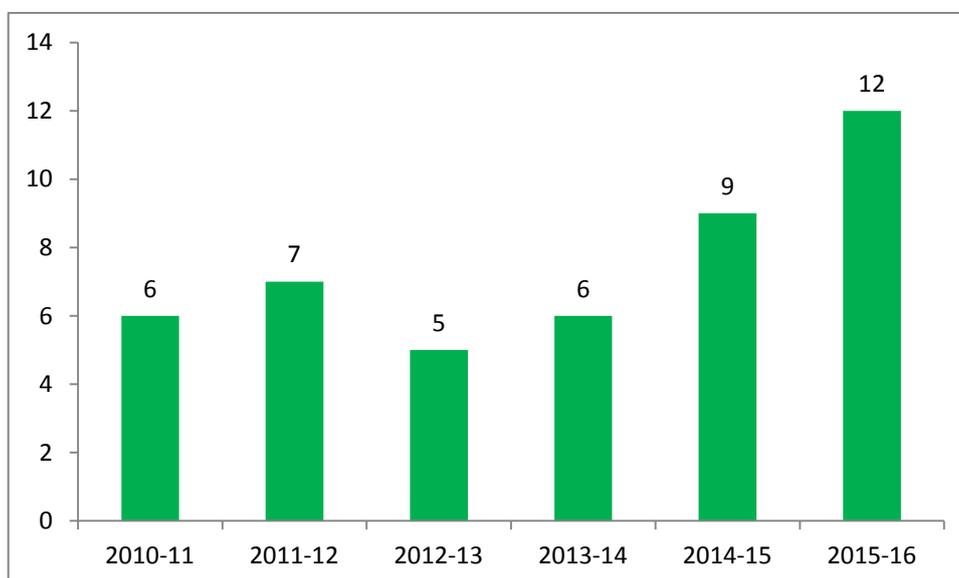

- The practice of research scholar funding is well publicized in the beginning

of each academic session.

- The candidates facing difficulties in getting full support to attend international meeting send their applications to the administrative section of the university.
- The applications are scrutinized by the Grants Cell and are placed before a recommending committee constituted by the Vice-Chancellor.
- The applicants were awarded with the funds after considering the merits on case to case basis.
- Finally the administrative and financial sanctions are granted and funds are released to the candidate as an advance.

5. Evidence of Success

- The practice of awarding funds to research scholars was initiated in the financial year, 2010-11 and the number of beneficiaries is highlighted below.

6. Problems Encountered and Resources Required

- Problems Encountered: None, as everyone welcomed the practice. It was unanimously resolved by the Executive Council of the University to initiate the practice with immediate effect.
- Resources Required: Funds and administrative and secretarial support for processing of applications. The Grant Cell of the University handles the latter effectively.

7. Notes

- This best practice can be emulated by other universities of the country.

Annexure-II

1. Title of the Practice

Best Teacher, Best Department and Best College

2. Goal

- To identify best performance among PRSU's teachers, UTDs and affiliated colleges
- To appreciate and celebrate their contribution in public functions of the university, such as Foundation day and Teachers Day
- To create a sense of pride within them

3. The Context

- In a University set up the performance of an individual teacher, a department and an affiliated college assumed to be normally distributed; some of them occupying either tails of the bell curve. Those in the center of the curve contribute appreciably to the overall growth of a higher education institution. Normally it has been observed that the university fails to appreciate and acknowledge contributions of those people who matter much to the university.
- Therefore, it was thought worthwhile to introduce the practice of identifying those in the middle of the bell curve and glorify their achievements publicly by awarding them with a certificate of appreciation. Giving monetary reward is immaterial for them. What matters much is that the apex body of the university cares to acknowledge their contributions in any ceremonial public function.

4. The Practice

- The identification of the best performance of the above stake holders is carried out by the IQAC.
- The IQAC developed very robust matrices to do this after lots of meetings and discussions between the IQAC and the Head of the Institution.
- The IQAC announces dates for submission of applications for the best performance awards.
- The best teacher, the best department and the best affiliated college are awarded with running trophies and/or certificate of appreciation ceremonially in important events of the university.

5. Evidence of Success

- The practice of awarding trophy and certificate of appreciation to the best department and the best affiliated college was first initiated in 2014 based on their performance in the session 2013-14. These awards were distributed on the auspicious occasion of the Foundation Day of the university [1 May]
- The practice was appreciated by everyone.
- The practice continued.
- In 2015-16, the practice of awarding the best teacher in each level separately in two different streams, namely science and social science was introduced for the first time. These awards were distributed on the auspicious occasion of the Teachers' Day [5 September].
- The IQAC is planning to identify and honour the best performing research scholar of the year from 2017.
- Evidence of appreciation of this practice is available in the social media.

6. Problems Encountered and Resources Required

- Problems Encountered: None, as everyone welcomed the practice.
- Resources Required: Administrative and secretarial support for processing of applications. The IQAC handles it effectively.

7. Notes

- This best practice can be emulated by other universities of the country.
