

ORDINANCE No. 56.

BACHELOR OF ENGINEERING FOR DIPLOMA HOLDERS IN MINING AND METALLURGY (TRANSFER COURSE - 3 YEARS COURSE)

1. The Course of study shall extend over a period of three years, including practical training of not less than 12 weeks prescribed in the syllabus for the different branches of engg.
2. At the end of each of the Three years, there shall be two full examinations, the Main examination in April/May -----by a General Supplementary Examination in July/August for each of the following examinations viz :-
 - (a) At the end of First Year of the Transfer Course Bachelor of Engineering (Third year) Examination.
Note: B.E. 3rd years Mining/Metallurgical Engineering the pass on will join the main examination in fourth year.
 - (b) At the end of the second year of the Transfer Course Bachelor of Engineering (Fourth Year) Examination.
 - (c) At the end of the Third Year of the Transfer Course Bachelor of Engineering (Final Year) Examination.
3. The examination shall be conducted by means of written theory papers, practical examination, sessional work done in the college, and periodical tests conducted through out the session.
4. For transfer course there shall be following branches of study for the Bachelor of Engineering. (Third, Fourth & Final Year) examinations - Mining & Metallurgy.
5. A candidate who after passing Final Examination of Diploma in Mining/Metallurgy from C.G. Board of Technical Education or any Board recognized by C.G. Board of Technical Education as its equivalent has prosecuted a regular course of study in the particular branch of study in an Engineering College affiliated to the University, for

one academic year shall be eligible to appear at the Bachelor of Engineering (Third year) Examination in Mining/Metallurgy branch of study.

6. A candidate who, after passing the Bachelor of Engineering (Third Year) Examination of the University Particular Branch of study has prosecuted regular course of study in that branch of study in Engineering College affiliated to the University for one academic year, shall be eligible for appearing at the Bachelor of Engineering (Fourth Year) Examination in Mining/Metallurgy Branch of study.
7. A candidate who, after passing the Bachelor of Engineering (Fourth Year) Examination of the University in the particular branch of study, has prosecuted a regular course of study in that branch of study in a engineering college affiliated to the University for one academic year and has completed the prescribed training shall be eligible for appearing at the Bachelor of Engineering (Final year) examination in Mining/Metallurgy branch of study.
8. A candidate shall be admitted to the degree of Bachelor of Engineering after passing the Bachelor of Engineering (Final year) Examination.
9. Every candidate for the Bachelor of Engineering examination shall be examined in the subjects as mentioned in the Courses of studies to be prescribed for each examination each year.
10. (I) In order to pass at any of the Three B.E. Examination an examinee must obtain not less than :-
 - (i) 35% of total marks in each paper and
 - (ii) 50% of total marks in each practical and
 - (iii) 60% of total marks in each sessional and
 - (iv) 50% of the total aggregate marks of all theory papers, practicals, sessionals and periodical tests during the session.(II) Notwithstanding any thing contained in any of the Ordinance, an examinee who fails by a total of not more than 5 marks in not more than two theory papers or one theory paper and one practical or two practicals or in the

aggregate only, his such deficiency shall be condoned to enable him to pass at the examination.

11. If a candidate fails to secure the minimum pass marks in the sessionals, he shall be debarred from appearing in the examination.
12. A candidate who fails in an examination but secures minimum pass marks or more in a paper/practical shall be exempted from appearing in such paper/practical shall be exempted from appearing in such paper/practical at a subsequent examination and will be declared to have passed the examination if he passes in the remaining paper/practicals and aggregate of that examination under the rules in para (10) above.

However the candidate may be permitted to reappear for the entire examination (theory/practical). In such cases, the entire result of the previous examination will be treated as cancelled.

For deciding whether a candidate has secured 50% of the aggregate marks obtained in the whole examination the marks of the candidate at the previous examination in the paper/practical or papers/practicals in which he is exempted shall be carried over.

13. (i) An unsuccessful examinee who has failed in not more than two theory papers or two practicals, or one theory paper and one practical, shall be placed in the compartment in such two theory papers or two practicals, or one theory paper and one practical provided that he has obtained the minimum of total aggregate marks at the examination. A candidate shall be declared successful at the examination if he obtains the prescribed minimum pass marks at a subsequent examination, compartment.
 - (ii) If a candidate fails to obtain the prescribed minimum of 50% marks in the total aggregate but passes in all theory papers, practicals, sessional. he shall also be placed in the compartment in not more than two theory papers in which he has secured the minimum marks. If the candidate obtained the minimum pass marks in each paper at subsequent examination and further obtains the minimum total aggregate marks required for passing the examination he shall be declared successful at the examination.
14. Candidate placed in the compartment in accordance with provisions of para, 13 above will be allowed to appear in the theory paper or practical concerned at subsequent examination until he clears the compartment. Provided further that if he appears in two

compartmental paper/practicals and obtains pass marks in only one of them, he will be required to appear only in remaining theory paper or practical in subsequent examination until he clears the compartment in that paper or practical.

15. Notwithstanding any thing contained in Ordinance No. 6 candidate who is placed in the compartment in accordance with the provisions of para 13 above, shall be provisionally admitted to the next higher class, provided he has prosecuted a regular course of study in the higher class for one academic year,. He will also be permitted provisionally to appear at the next higher class examination in all subjects and practicals in addition to appearing in the lower class examination in compartmental subjects. However in case he fails to clear the compartmental subject of the lower class, his result of higher class examination will be announced as usual, but he will not be eligible to seek admission to the next higher class until he clears the compartmental subjects of the lower class.
16. (a) The division at the examination shall be awarded on the following basis :-
50% and above but less than 65% of the total aggregate marks
II division
65% and above but less than 75% of the total aggregate marks
I division
75% and above of the total aggregate marks - I division with honours
- (b) Candidate, who passed any of the B.E. (III, IV & V) examination after availing exemptions under para 12 or after being placed in compartment under para 13 above, shall be placed in the pass division (c) Notwithstanding the provision in (b) above if candidate is placed in the compartment of the B.E. (Final Year) examination in accordance with para 13 (i) above and subsequently passes the examination in the first attempt, only the minimum pass marks in the compartmental subjects will be taken into account for arriving at his total aggregate marks and he will be placed in the division he is entitled to in accordance with para 16(c) such candidate will not be ——— .
